Jacksonville, Florida 32207

RE: MAYFAIR VILLAGE APARTMENTS

Dear Sir or Madam:

By way of introduction, I am Dr. Rene' U. Pulido, Chairman of the Board, Millers Creek Special District. Our district was created by the City of Jacksonville, Ordinance No.2014-700-E, in February 2015. Millers Creek is located in the St. Nicholas area of Jacksonville, Florida. Our goal is to revitalize the beauty, health, and environment of the natural waterway Millers Creek and the wildlife therein. The cleanup task involves not only the dredging and removal of silt but also the removal of waste and debris in the creek and surrounding area.

It has been brought to the Board's attention that overflow from the garbage dumpster in the rear of your property at 1787/3539 Beach Boulevard, Jacksonville, Florida 32207 has historically contributed to waste and debris in the creek. We are requesting the dumpster area be monitored on a regular basis, and that your tenants refrain from placing any garbage or debris over your fence. All trash should be contained in the fenced area where your dumpster is housed.

It is our intent to be good neighbors and good stewards of the natural beauty of our area. I'm sure Ability Housing of Northeast Florida holds these same goals.

Should you wish to speak regarding this matter, you may contact me at 904-629-3484.

Very truly yours,

Rene' U. Pulido, M.D.
Chairman

RUP/sj

Our dumpsters are enclosed by wood fence and we keep the areas clean.
